A Message from the Secretary:

The Department of Community Affairs (DCA) is proud to present the 1995 *Official List of Special Districts*. For more than 150 years—since Governor William DuVal created the first road district in the Florida Territories in 1822—special districts have been useful funding mechanisms for local government infrastructure and services. By shifting costs from all taxpayers in a general-purpose local government to residents and property owners in a specific area, special districts directly tie costs to those who benefit.

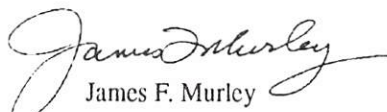

As Florida's population grows, so does the number of special districts. The 1995 *Official List* contains 1,045 special districts reporting to the state—922 active, 55 inactive, and 68 dissolved. Of the total active districts reported, 452 are independent, 469 are dependent, and 1 is undetermined. Today, special districts provide a wide variety of functions such as water management, community development, fire control, health care, and mosquito control.

According to the Florida Department of Banking and Finance FY 92/93 *Local Government Financial Report*, the 356 independent special districts reported approximately \$3.9 billion in revenues. Separate revenues were not reported for the 441 dependent special districts.

The Florida Legislature has recognized the importance of special districts as a way to deliver government services by enacting two major laws—Part II, Chapter 79-183, *Laws of Florida* (Special Districts Disclosure Act of 1979) and Chapter 189, *Florida Statutes*, (Uniform Special District Accountability Act of 1989). The Act's Statement of Legislative Purpose and Intent states that "special districts serve a necessary and useful function by providing services to residents and property in the state."

The *Official List* is produced by the Special District Information Program (SDIP) within DCA. We hope that it will be useful to you. Updating the *Official List* is an ongoing and cooperative effort. Please contact the SDIP concerning any changes, corrections, or additions.

Sincerely,

James F. Murley
Secretary

SPECIAL DISTRICT INFORMATION PROGRAM

Chapter 189, *Florida Statutes*, provides guidelines to define, create, operate, and dissolve special districts. The Act also establishes uniform standards in special district ad valorem taxation, non-ad valorem assessments, elections, and comprehensive planning.

Chapter 189, *Florida Statutes*, also created the Special District Information Program (SDIP) in the Department of Community Affairs as a centralized location to collect and maintain statutorily required reports that help ensure special district accountability. The program coordinates information about special districts with state and local governments and maintains a master database of all special districts in the state. The SDIP clarifies special district definitions, creation and dissolution processes, and dependent and independent district status to ensure consistent application across all levels of government.

In addition, the SDIP works to improve communication and coordination among state agencies, special districts, and taxpayers. The SDIP provides technical assistance, publishes the *Official List of Special Districts* and the *Special District Handbook*, maintains an up-to-date database, and holds a biennial conference. The SDIP is funded 100% through the annual \$175 special district fee. This fee funds two full-time positions and SDIP mailing and production costs for approximately \$148,000.

DEFINITIONS

SPECIAL DISTRICT

A unit of local special-purpose (as opposed to general-purpose) government, with a limited boundary and created by general law, special act, local ordinance, or rule of the Governor and Cabinet. Specifically excluded are school districts, community colleges, municipal service or taxing units, Seminole and Miccosukee Tribe improvement districts, and boards providing electrical service as a municipality or political subdivision of one. (Section 189.403(1), *Florida Statutes*)

DEPENDENT DISTRICT—Must meet one of the following criteria:

- (a) The membership of its governing body is identical to that of the governing body of a single county or a single municipality.
- (b) All members of its governing body are appointed by the governing body of a single county or a single municipality.
- (c) During unexpired terms, all members of the special district's governing body are subject to removal by the governing body of a single county or a single municipality.
- (d) The district budget requires approval through an affirmative vote or can be vetoed by the governing body of a single county or a single municipality.

INDEPENDENT DISTRICT—Must meet one of the following criteria:

- (a) Does not meet any of the criteria for a dependent district.
- (b) Includes more than one county (unless it lies wholly within a single municipality)
- (c) Is a Community Development District created under Chapter 190, *Florida Statutes*.

INACTIVE DISTRICT—Is still a unit of local government, but is:

- (a) Not functioning (has no governing board)
- (b) Has been declared inactive under section 189.4044, *Florida Statutes*.

DISSOLVED DISTRICT—Districts must be dissolved by either:

- (a) Special act of the Legislature
- (b) Resolution or ordinance of the local governing authority (city or county)
- (c) Dissolution by its governing board
- (d) Declaration of the Florida Department of State

The 1995 *Official List of Special Districts* provides current information about special districts in a concise form. SDIP staff made a concerted effort to update district information. Districts that did not respond by the deadline were contacted by phone. This effort resulted in a 97% response rate and increased accuracy.

Users of the *Official List* include mayors and city managers, independent special district administrators and legal counsel, county officers and administrators, legislative committees, state agencies, and taxpayers. A survey by the Auditor General's Office of various users indicates that the major uses of the list include (1) identifying special districts within a specific city, county, or legislative district; (2) identifying special district representatives; and (3) locating other special districts to compare planning activities. In addition, the list is a general resource that provides information about special district activities on a statewide basis.

NEW FEATURES

In response to user requests, this year's *Official List* provides an index of all special districts, a section for multicounty districts, and a concise guide to dissolution of inactive special districts.

DISTRICT INDEX

The alphabetical index located at the end of the book lists every special district in Florida—independent, dependent, inactive, or dissolved—and the county in which it is located.

MULTICOUNTY SECTION

For conservation of space and readability, multicounty special districts now follow single-county districts in their own section, instead of being listed with each county as in previous *Official Lists*. An alphabetical index precedes the multicounty section and lists the counties in each multicounty district.

STRUCTURE

Applicable information for each special district is kept up-to-date on the SDIP database. In addition, the SDIP database tracks special district reporting and fee compliance. Even though this information is not published in the *Official List*, it is available to districts and interested parties through the SDIP. The *Official List* provides data in the following 14 categories. Detailed descriptions of these categories follow.

- County
- District Name
- Name of Registered Agent
- Address
- Telephone
- Status (independent, dependent, inactive, or dissolved)
- Authorizing document
- Statutory Authority
- Functions
- Local Governing Authority (dependent districts)
- Board
- Bond Authority
- Revenue Source
- Department of Banking and Finance Number

CATEGORIES

STATUS

Each special district is listed as independent, dependent, inactive, or dissolved, based on the definitions in section 189.403, *Florida Statutes*.

AUTHORIZING DOCUMENT

The document that created the district such as an ordinance, resolution, statute, special act, court decree, or interlocal agreement.

STATUTORY AUTHORITY

The portion of the *Florida Statutes* governing creation and function of a special district.

FUNCTIONS

Keywords used to describe the basic function of a district.

LOCAL GOVERNING AUTHORITY

For dependent districts, the city or county governing the district.

BOARD

The way a district board is selected. The following is a list of terms used in the database to describe board selection:

Appointed	Appointed by an entity other than a single local government or the Governor
Gov appoints	Appointed by the Governor
LGA appoints	Appointed by a local government
Same as LGA	District board is the same as the local government's
Same as LGA*	May not include all members of the local government board
Elected	Has an elected board (conducted by district or Supervisor of Elections)
Appt/elected	Has both appointed and elected members

BOND AUTHORITY

Yes—Means authority to issue bonds

No—Means no authority to issue bond

REVENUE SOURCE

The means a district uses to generate revenue that may include ad valorem taxes, special assessments or fees. The following is a list of terms used in the database to indicate revenue source:

Ad val	Ad valorem taxes
Assess	Non ad valorem or special assessments
Fees	Fees appropriate to services
TIF	Tax increment funds (Chapter. 163, Part III, <i>Florida Statutes</i>)

<NOT IN DATABASE>

Please note: "<Not in Database>" can indicate that information is either not available, not applicable, or not in the database.

1995 UPDATES

This section reports the status and name changes made since October 1, 1994. Registered agent, name and address changes have been corrected in the list, but are not listed here.

DISSOLVING INACTIVE DISTRICTS

INACTIVE DISTRICTS—DUTIES AND LIABILITIES

Although a district is listed as inactive on the *Official List of Special Districts*, it is still required to pay the annual fee of \$175 and to comply with the reporting requirements of Chapter 189, *Florida Statutes*. These requirements can become both a financial burden and be very time-consuming for an inactive district. Note: Inactive districts can also be found liable in legal actions.

Therefore, currently inactive districts that have no foreseeable activities—remain in non-compliance with Florida law—should consider dissolution. The SDIP can assist you with dissolution procedures.

METHODS OF DISSOLUTION

There are four ways to dissolve a special district:

- (1) The Legislature may dissolve districts by special act through a legislative bill. For assistance, contact your local legislative delegation or the House Committee on Community Affairs, (904) 488-1791. (Section 189.4043(1)(a), *Florida Statutes*)
- (2) A district created by local ordinance or resolution can be dissolved by local ordinance or resolution. (Section 89.4043(1)(b), *Florida Statutes*)
- (3) A district may dissolve itself by resolution and file within 30 days of dissolution with the SDIP and any city or county in which it is located. (Section 189.4043(1)(b), *Florida Statutes*). Important: Districts created by special act, but dissolved by board resolution, still require dissolution by special act (procedure 1).
- (4) If a district has not operated for two years or has been without a board for four years, the Department of Community Affairs may declare it inactive and file a dissolution declaration with the Secretary of State. (Section 189.4044(3), *Florida Statutes*)

Note: Water management districts and some community development districts have dissolution procedures different from those listed above.

ASSUMPTION OF DEBT

In the case of voluntary dissolution by a special district, responsibility for its property and debts must be assumed by the local general-purpose government, unless otherwise provided for in the dissolution plan. (Section 189.4045(2), *Florida Statutes*).

If a district is declared inactive by the Secretary of State and owes any debt at the time of the proclamation, all of its assets are subject to legal process for payment of the debt. Any assets remaining after payment of the debt become property of the municipality or county in which the district is located. If its assets are insufficient, the county or municipality in which the district is located may assess taxes on property in the district to pay the debt. (Section 189.4044(3), *Florida Statutes*).

If you have any questions about dissolution procedures, please contact the SDIP at (904) 922-5431, SC 292-5431.
